## Keep Them Working for Us

Assemblyman Steve Englebright endorses **Kara Hahn and Valerie Cartright**

“I have been a registered Republican since I first registered as a college student. Despite my party affiliation, my vote goes to either candidate, always to the person who best serves the community they represent. While she has been in office, I have worked, stood, and sat beside Valerie numerous times around our community, and I can tell you that her agenda is completely dedicated to doing right by all of us in her district, and she does it well.”

# Re-Elect Kara Hahn and Valerie Cartright

**“I support Valerie M. Cartright’s re-election as Councilwoman.** I have shared in many opportunities and events to get to know her. As a retired educator, teacher, counselor, and administrator myself, I have great respect for Valerie. I find her to be honest, available, understanding, sincere, respectful, and a great listener and organizer. She is interested in the well-being of those she serves.

**It is with pleasure that I support Kara Hahn for County Legislator District 5.** Having served The Three Village School District as a counselor and administrator, I am pleased to support a Three Village School graduate. Kara has supported issues about our environment, domestic violence, anti micro-beads, removing toxins in toys, and many other issues positively in the best interest of the community she serves. I support both candidates wholeheartedly.” - **Paul Lynne Feinberg, South Setauket**

**“Councilwoman Cartright is a tireless advocate for all her constituents.** The Councilwoman and her office staff are accessible and thorough. It is clear that Councilwoman Cartright is working hard for you. Our son learned good governance from the Councilwoman.”

- **Dennis and Donna Donnelly, parents of Eagle Scout Aidan Donnelly, project at West Meadow Beach**

**“We need to re-elect Valerie Cartright and Kara Hahn on November 3, 2015 as they are the best people for these roles.”**

- **Alice D’Amico, Setauket**

“Everywhere you go around town, you can expect to see Kara Hahn. She loves our community and that is why you can count on her on every issue that matters to us - protecting our environment, our children and our quality of life. **She’s working for us every day and I am proud to give her my vote.”**
